

## How I will stay safe in school

It is **VERY** important that I remember I can't go too close to my friends and teachers and I can't touch them.

I will be excited to see them but I **MUST** keep a **big gap** between us so we are safe.

I can let them know I am happy by:

- **Waving** at them,
- **Smiling** at them
- **Talking** to them across the gap

It will be lovely to go back to school but I must make sure I

**Listen and stay safe!**
