Arithmetic Homework

This half term we have logged in to Times Tables Rockstars in class for the first time.

Please can you take some time this week to log in at home so that your child can play and show you how it works- the game can be played on tablets, phones and laptops.

The single-player jamming section is the best place to play. If you can play for 10 minutes twice this week that would be fantastic. Photos of them playing would be lovely!

Mr Coker
