

7. Circle all the pictures that show 4 groups of 5.

B. $5 + 5 + 5 + 5$

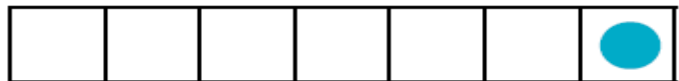

Draw beads to make each string have the same amount.

2b. Jill moves the counter 6 spaces backwards and 3 spaces forwards.

Starting position:

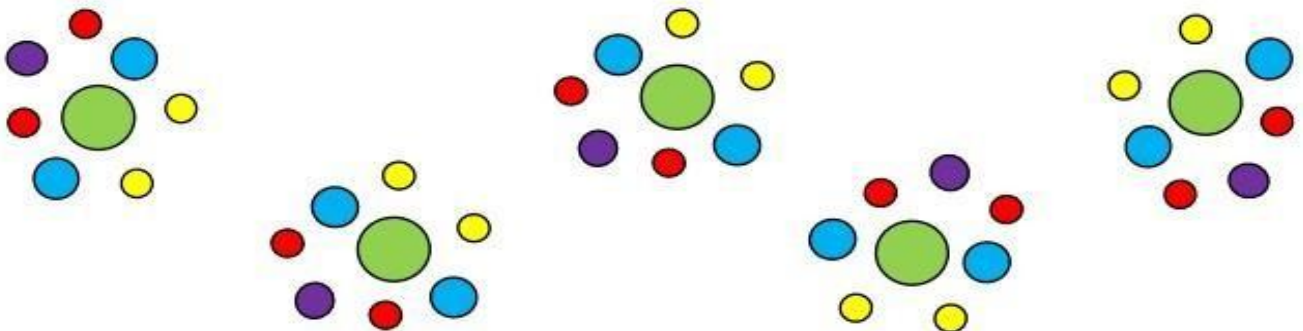

Jill's answer:

Is she correct?
Explain your reasoning.

9. True or false? Jenna says that these groups of stickers are equal.

Explain your answer.
